The Sanctuary Course

How can a church become a sanctuary—a place where individuals living with mental health challenges feel safe, supported, & a sense of belonging? *The Sanctuary Course for Catholics* was created to inspire & equip communities of faith that are asking this important question. Developed in consultation with mental health professionals, theologians, & people with lived experience, this 8-session study guide for small groups of adults (17+) explores key mental health topics & examines meaningful ways to offer companionship, support recovery, promote wellbeing.

- People with questions about mental health
- Mental health professionals with a wealth of knowledge to share
- Leaders who want to engage their community in mental health conversations
- People supporting loved ones with mental health problems
- People living with mental health problems

The Sanctuary Course for Catholics is for anyone who wants to learn about mental health. It requires no previous training or expertise—just a willingness to engage in dialogue with other believers.
